

NCAPH 抗原（重组蛋白）

中文名称： NCAPH 抗原（重组蛋白）

英文名称： NCAPH Antigen (Recombinant Protein)

别名： non-SMC condensin I complex subunit H; BRRN1; CAP-H

相关类别： 抗原

储存： 冷冻（-20℃）

概述

Fusion protein corresponding to a region derived from 542-741 amino acids of human NCAPH

技术规格

Full name:	non-SMC condensin I complex subunit H
Synonyms:	BRRN1; CAP-H
Swissprot:	Q15003
Gene Accession:	BC024211
Purity:	>85%, as determined by Coomassie blue stained SDS-PAGE
Expression system:	Escherichia coli
Tags:	His tag C-Terminus, GST tag N-Terminus
Background:	This gene encodes a member of the barr gene family and a regulatory subunit of the condensin complex. This complex is required for the conversion of interphase chromatin into condensed chromosomes. The protein encoded by this gene is associated with mitotic chromosomes, except during the early phase of chromosome condensation. During interphase, the protein has a distinct punctate nucleolar localization. Alternatively spliced transcript variants encoding different proteins have been described.
