

兔抗 DLX4 多克隆抗体

中文名称：兔抗 DLX4 多克隆抗体

英文名称： Anti-DLX4 rabbit polyclonal antibody

别名： BP1; DLX7; DLX8; DLX9

相关类别： 一抗

储存： 冷冻（-20℃）

抗原： DLX4

宿主： Rabbit

反应种属： Human

标记物： Unconjugate

克隆类型： rabbit polyclonal

技术规格

Background:

Many vertebrate homeo box-containing genes have been identified on the basis of their sequence similarity with Drosophila developmental genes. Members of the Dlx gene family contain a homeobox that is related to that of Distal-less (Dll), a gene expressed in the head and limbs of the developing fruit fly. The Distal-less (Dlx) family of genes comprises at least 6 different members, DLX1-DLX6. The DLX proteins are postulated to play a role in forebrain and craniofacial development. Three transcript variants have been described for this gene, however, the full length nature of one variant has not been described. Studies of the two splice variants revealed that one encoded isoform functions as a repressor

	of the beta-globin gene while the other isoform lacks that function.
Applications:	ELISA, IHC
Name of antibody:	DLX4
Immunogen:	Fusion protein of human DLX4
Full name:	distal-less homeobox 4
Synonyms :	BP1; DLX7; DLX8; DLX9
SwissProt:	Q92988
ELISA Recommended dilution:	2000-5000
IHC positive control:	Human lung cancer and human thyroid cancer
IHC Recommend dilution:	50-200
